ROCKY MOUNTAIN POWER

BLUESKY RENEWABLE ENERGY

Blue Sky® Business Partner Program

To reward your business for supporting renewable energy through the Blue Sky program, we offer a business partnership program. This program recognizes organizations that commit to a Blue Sky renewable energy purchase that meets or exceeds minimum purchase requirements based on your electricity usage. The business partnership program currently has hundreds of partners who are voluntarily supporting renewable energy. It's also an easy way to earn points for LEED green building certification!

When joining the Blue Sky business partnership, you have the flexibility to choose whether your entire organization or a facility within your organization becomes a partner. This flexibility allows you to fine-tune your renewable energy purchase.

A minimum purchase level and a one-year commitment are required to participate in the business partnership program.

Rocky Mountain Power Blue Sky Partner levels

For more information about the program, or to view a list of Blue Sky Business Partners in your area, visit **rockymountainpower.net/bluesky**.

Recognition category	Percentage/monthly requirement
Luminary	Match 100% estimated annual energy use*
Visionary	Match 50% estimated annual energy use*
Champion	Match 25% estimated annual energy use*
Supporter	Purchase 5 Blocks (500 kWh) / month

**Based on your last 12 months of usage.*

Rocky Mountain Power Blue Sky promotional materials

Recognition category	Luminary	Visionary	Champion	Supporter
Window Sticker	×	×	×	×
Blue Sky logo for your website and communications material (available upon request)	×	×	×	×
Business Partner Poster (available upon request)	×	×	×	×
Certificate (available upon request)	×
