

ROCKY MOUNTAIN POWER

Original Sheet No. 212-1

P.S.C. Wyoming No. 10

Outdoor Nighttime Lighting and Signal System Service, Customer-Owned System Schedule 212

Applicable only in
Wyoming West Service Territory

Available

To Customers in the Company's Wyoming West service territory as defined on Sheet No. B-11.

Applicable

To existing Customers for dusk to dawn service for lighting public streets, alleys, thoroughfares and public grounds by standard incandescent metallic filament, sodium vapor, mercury vapor or fluorescent lamps. Service is also applicable for existing and new Customers for Traffic and Other Signal System Service, and for existing and new Customers for Metered Outdoor Nighttime Lighting Service. Service under this Schedule is provided only to installations owned by Customers.

The electric service provided for Traffic and Other Signal System Service and for Metered Outdoor Nighttime Lighting Service shall be single or three-phase alternating current at secondary voltage levels through metered installations.

Service to new incandescent lamps, new fluorescent lamps and new mercury vapor lamps is not available under this Schedule.

Monthly Billing

All Monthly Billings shall be adjusted in accordance with Schedule 94.

1. Street Lighting

| <u>Approximate Lumen Rating</u> | <u>Monthly kWh</u> | <u>Charge Per Lamp</u> |
|--------------------------------------|------------------------|----------------------------|
| Incandescent Lamps: 2,500 or less | 64 | \$ 4.45 |
| Mercury Vapor Lamps: 7,000 | 69 | \$5.52 |
| 10,000 | 93 | \$6.64 |

(continued)

Monthly Billing *(continued)*

3. **Metered Outdoor Nighttime Lighting**

Metered Outdoor Lighting Service is available for outside lighting facilities which require electric service only during the period from dusk to dawn (nighttime hours). This service shall be supplied and metered through a separate circuit. All other lighting requirements (except associated incidental nighttime indoor lighting requirements including such facilities as rest rooms or concession stands) and power requirements will be supplied, metered, and billed in accordance with the appropriate Schedule.

Annual Demand Charge

\$ 6.00 per kW, based on maximum annual kW,
but not less than \$ 30.00

Annual Meter Charge

\$ 30.00 per service connection

Annual Minimum

Annual Meter Charge plus Annual Demand Charge.

Monthly Basic Charge

\$ 5.00 per service connection

Monthly Energy Charge

3.711¢ per kWh

**Outdoor Nighttime Lighting and Signal System
Service, Customer-Owned System
Schedule 212**

Applicable only in
Wyoming West Service Territory

Special Conditions

1. Each Street Lighting lamp will be operated from a series or multiple circuit at the Company's option.
2. The entire installation including initial lamp requirements and wiring with suitable connection to Company's system will be furnished and installed by customer.
3. Street Lighting Service includes energy, lamp and glassware renewals and cleaning of glassware.
4. Street Lighting lamps will be controlled by the Company to burn each night from dusk to dawn.
5. Each point of delivery where electric service is delivered to a traffic signal and/or other signal system or group of such systems shall be separately metered and billed.
6. The entire system except the meter and service conductors to the point of delivery shall be furnished, installed, maintained, and operated by the Customer.

Term of Contract

Company may require Customer to sign a written contract with a minimum term of three years.

Rules

Service under this Schedule is subject to the General Rules contained in the tariff of which this Schedule is a part, and to those prescribed by regulatory authorities.
