

Rocky Mountain Power Design Professional Honorarium Utah, Idaho and Wyoming

Purpose of the honorarium

To encourage design professionals involved in new construction and major renovation projects to participate in Rocky Mountain Power's Energy FinAnswer® or FinAnswer® Express incentive programs early in the design phase when the opportunity to influence the project is higher.

How much is the honorarium?

The honorarium is \$1,000*, and one honorarium can be paid per project.

Requirements for an honorarium payment

- **Timing** – Honorarium application and Rocky Mountain Power Letter of Intent signed by the customer must be provided to Rocky Mountain Power prior to completion of schematic design documents. Rocky Mountain Power must not already have a signed Letter of Intent for the project.
- **Project type** – Project must be new construction or major renovation where energy code applies**
- **Customer** – Customer must be served on a Rocky Mountain Power general service rate schedule and located in Utah, Idaho or Wyoming

Eligible Schedules:
Utah - 6, 6A, 6B, 8, 9, 9A, 10, 12, 15, 21, 23, supplementary service under Schedule 31
Idaho - 6, 6A, 7, 7A, 9, 12, 19, 23, 23A, 24, 35, 35A
Wyoming - 25, 28, 33, 40, 46, 48T, 54, 58, 210, 212, 213
- **Professional design services procured** – Customer/owner must have a contract for design services such as the traditional AIA documents or any agreement where the professional is paid for design services whether or not the owner constructs the project.
- **Applicant** – Person requesting the honorarium must be a registered design professional on the design team

How to submit a lead and request an honorarium payment

Please send the following to Rocky Mountain Power:

- A Letter of Intent signed by the customer/owner
- A completed Design Professional Honorarium application

In some cases, to determine eligibility, a copy of the design services agreement between the design professional and the customer may be required.

How to contact Rocky Mountain Power

- Inquire online
