ABOUT THE PROGRAM

This application packet contains three parts:

- Customer Information Form
- Terms and Conditions
- Equipment Incentive Worksheet

(This packet does not pertain to FinAnswer Express lighting projects. Contact us or your vendor before you start a lighting project.)

To get started, review the following steps:

1. **Read** the Terms and Conditions (page 3).
2. **Locate** the qualifying equipment in the applicable Incentive Catalog, available at rockymountainpower.net/wattsmart. Equipment specifications and descriptions, incentive eligibility requirements, and incentive amounts are listed in the catalogs. Both retrofit and new construction/major renovation installations may be eligible. Some restrictions apply; please see the applicable Incentive Catalog.
3. **Order / Purchase and Install** qualifying equipment between January 1, 2010 and December 31, 2010. Except for premium efficiency motors and custom measures, qualifying equipment must be installed before submitting your application. All applications must be postmarked by January 31, 2011 to be considered eligible.
4. **Complete the following forms available in this application packet:**
 - Complete the **Customer Information Form** (page 2). Be sure to include ALL required customer information and Account Information.
 - Complete the **Equipment Incentive Worksheet** (page 4) or appropriate **Application Supplement** (see incentive catalog). Be sure to include all required information.
5. **Sign the following documents:**
 - The bottom of the Terms and Conditions (page 3), accepting the terms and conditions as stated.
 - If the incentive is to be paid to a party other than the Customer as provided on the Rocky Mountain Power bill, the *Payment Release Information* section of the **Customer Information Form** (page 2) **MUST** be completed and signed.
6. **Retain a copy** of all completed application forms and all required documentation, such as receipts and contracts, for your records. Submitted applications will become the property of Rocky Mountain Power.
7. **Mail** the completed forms and other required documentation to:

FinAnswer Express Application Processing Center
2274 South 1300 East #G15-333
Salt Lake City, UT 84106

Submit This Page for Processing

IMPORTANT: Please be sure to send the COMPLETED Application/Agreement (3 pages) along with copies of the required supporting documentation. Equipment must be purchased and installed at a qualifying facility within the state of Utah prior to submitting an incentive application (except for premium efficiency motors and custom measures). Please allow 6 weeks for incentive processing. Please be sure to follow all eligibility requirements stated in the Incentive Catalogs. Incentives will not be paid for ineligible or incomplete applications.

TERMS & CONDITIONS

Qualifying Customers. Eligible customers include commercial and industrial electric customers whose facilities are within the State of Utah and who purchase their electricity from Rocky Mountain Power on one of the following retail general service schedules: **6, 6A, 6B, 8, 9, 9A, 10, 12, 15, 21, 23.**

Eligible Dates. This 2010 Customer Incentive Application covers qualifying equipment purchased on or after January 1, 2010 and before December 31, 2010. Incentive applications for 2010 installations must be postmarked by January 31, 2011. Applications received after this date may not be processed. Equipment must be purchased and installed prior to submitting an incentive application. For 2011 installations, visit our website at rockymountainpower.net/wattsmart.

Incentive Limitations & Limitation of Damages. Rocky Mountain Power does not warrant the performance of qualifying/installed equipment and does not warrant that the qualifying/installed equipment will deliver any specified amount of energy or cost savings. The customer shall independently evaluate the qualifying equipment. In no event will Rocky Mountain Power be liable for the failure of the customer to achieve its expected amount of energy savings, for harm to customer's facilities of any kind, or for any incidental or consequential damages of any kind in connection with installation of this qualifying equipment.

Transfer of Environmental Attributes: Customer hereby transfers to Rocky Mountain Power all "Environmental Attributes" attributable to the installation of the qualifying equipment or its operation. Environmental Attributes include any and all credits, benefits, emissions reductions, offsets and allowances, howsoever entitled, resulting from the avoidance of the emission of any substance to the air, soil or water at or by PacifiCorp generating facilities, through reduced generation of energy or other savings or offsets on account of the qualifying equipment. Customer will not claim ownership of any Environmental Attributes. As long as Customer at the same time states the installation of the qualifying equipment was made possible with funding from Rocky Mountain Power, Customer may claim that it is facilitating the production of the Environmental Attributes attributable to the qualifying equipment.

Additional Details. Incentive qualifications and amounts are subject to change and termination at any time. Visit the program's website, review the Incentive Catalogs, or contact your local equipment dealer or Rocky Mountain Power for current program information. Rocky Mountain Power reserves the right to conduct random inspections to verify information provided on the application. After incentive payment, Rocky Mountain Power reserves the right to inspect qualifying equipment, which may include a telephone survey, site visit, and/or the installation of temporary monitoring equipment at any time up to 36 months after installation for quality control of the application or program performance evaluations.

Rocky Mountain Power issues FinAnswer Express incentives in the form of checks, not utility bill credits. Rocky Mountain Power is not responsible if your dealer provides inaccurate information about the amount and/or conditions of the actual incentive and Rocky Mountain Power will not pay incentives for equipment that is mislabeled or misrepresented by dealers regarding incentive qualifications. Qualifying equipment receiving incentives under the FinAnswer Express program may not receive purchase and installation incentives or credits under other Rocky Mountain Power programs. Please allow six weeks for your incentive check to arrive.

CUSTOMER ACCEPTANCE OF TERMS

I hereby certify that all information provided is accurate, including claims of customer and equipment information, and that the equipment for which incentives are being applied was purchased and installed. I have read the **terms and conditions** and agree to be bound by them and agree that Rocky Mountain Power may verify all the information provided. My signature below authorizes Rocky Mountain Power to provide my electric account information to contractors associated with the FinAnswer Express program.
