Service Disconnect Alert

Service disconnect requirements changed in the NEC 2020 code. Most states require an isolated main disconnect for each service, up to six services. A main disconnect is required for over six services. Consult your local inspector for current NEC code requirements for your area when selecting service entrance equipment.

Customer's Responsibility

PacifiCorp has made every effort to ensure that the manufacturer's equipment on this list meets company-specified metering requirements. Since manufacturer documentation may contain inconsistencies, it is the customer's responsibility to verify the equipment on this list meets the requirements stated in PacifiCorp's 2022 Electric Service Requirements Manual.

PACIFICORP

GE/ABB Catalog 2025

This is a list of GE/ABB equipment approved by PacifiCorp. If you have any questions or have found equipment that is not on the list, please feel free to contact Metering Standards Engineering at meteringstandards@pacificorp.com
