

Things may be difficult right now, but you are not alone. At Rocky Mountain Power, we have flexible options and resources to help power a brighter tomorrow.

HELP WITH BILLS

- Request an extension for your due date.
- Sign up for a flexible payment plan.
- Enroll in Equal Pay to pay the same amount each month.
- Select a monthly due date that is more convenient for you and your budget.
- Connect with local assistance agencies.

TRIM ENERGY COSTS

- Get insights to help reduce your energy use with online tools.
- Find rebates and discounts on home energy upgrades at **Wattsmart.com**.

We have highly knowledgeable, trained people who want to help. Look to us for assistance in finding the answers you need.

Call us anytime toll-free at **1-888-221-7070** or visit **rockymountainpower.net/assistance**. Also follow us on social media for energy-saving advice, account resources and more.

INSIGHTS TO *save*

More time at home means you're likely using more energy. To help you manage your energy costs, you can access your free Home Energy Report through our website. We're providing a report to every household, so everyone has customized insights to save.

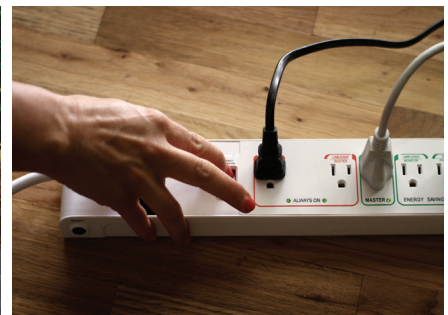

EXPLORE ENERGY INSIGHTS

- Login to our website at rockymountainpower.net/insights.
- Explore your individualized report, based on your monthly bills.
- Compare energy use from month to month.

CUSTOMIZE YOUR REPORT

- Provide specifics about your home to further customize your report.
- See an approximate breakdown of energy usage from the whole-house level down to specific functions, such as cooling, refrigeration, lighting and heating.
- Manage progress and keep track of results from energy-saving efforts.
