

PROUDLY SERVING *Wyoming*

At Rocky Mountain Power, we work day-in and day-out to provide safe, reliable, low-cost energy to our customers. Through innovation and investments, we're building the energy grid of tomorrow to power the greatness of communities and businesses throughout the West. We're grateful for the opportunity to serve you.

Powering an innovative energy future

PacifiCorp's Energy Gateway represents 2,300 miles of new high-voltage transmission lines, including in Wyoming.

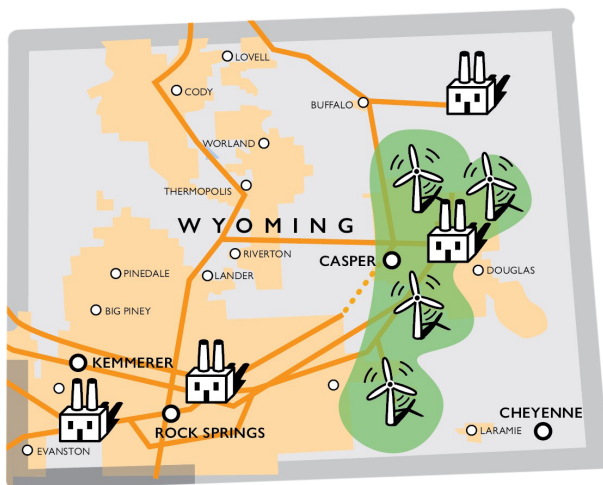

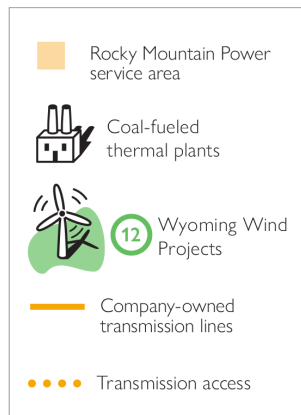

As part the project, Gateway West Segment D will stretch from Glenrock to Medicine Bow and across southern Wyoming to bring more power to customers in the state and across the West.

Keeping costs low for customers

The company has worked with industry partners to create a transformative energy market across the Western U.S.

Since 2014, the Western Energy Imbalance Market has saved PacifiCorp customers over \$847 million, including \$108 million for Wyoming customers.
