

Blue SkySM Block 2022 Prospective Product Content Label¹

Blue Sky Block is sold in blocks of 100 kilowatt-hours (kWh) in Idaho and Utah. In Wyoming, Blue Sky Block is sold in blocks of 200 kWh. Blue Sky Block is a Renewable Energy Certificate (REC) product and does not contain electricity, which is billed separately. A REC represents the environmental benefits of 1 megawatt hour (MWh) of renewable energy.

In 2022, Blue Sky Block will be made up of the following new renewable resources averaged annually.

Green-e [®] Energy Certified New ² Renewables in Blue Sky Block 2022		Generation location
Solar	25%	OR, WA, CA, ID, UT, WY and/ or the broader Western region ³
Wind	75%	
Total Green-e[®] Energy Certified New Renewables	100%	

1. These figures reflect the renewables that we plan to provide. Actual figures may vary according to resource availability. We will annually report to you before August 1 of next year in the form of a Historic Product Content Label the actual resource mix of the RECs you purchased.
2. New Renewables come from generation facilities that first began commercial operation within the past 15 years.
3. The Western region is defined as the states listed above, plus NV, AZ, MT, CO, NM, and the Canadian provinces of BC and AB.

In 2020, the "basic fuel mix", the average mix of energy sources supplying Rocky Mountain Power customers, is 51.44% coal, 19.47% natural gas, 11.32% wind, 5.13% hydro, 5.19% solar, 0.29% geothermal, 0.37% biomass, and 6.79% miscellaneous. This information is based on Federal Energy Regulatory Commission Form 1 data. The Rocky Mountain Power "basic fuel mix" is based on energy production and not resource capability, capacity or delivered energy.

Rocky Mountain Power's basic fuel mix includes owned resources and purchases from third parties. All or some of the renewable energy attributes associated with wind, biomass, geothermal and qualifying hydro facilities in Rocky Mountain Power's basic fuel mix may be: (a) used to comply with renewable portfolio standards or other regulatory requirements, (b) sold to third parties in the form of renewable energy credits and/or other environmental commodities or (c) not acquired. As of March 13, 2021, not counting compliance use, approximately 56 percent of the renewable energy attributes associated with 2020 generation and purchases was sold to third parties or not acquired. This includes all renewable energy attributes of associated with a customer's purchase of 157 megawatts of solar resources. This percentage may increase upon subsequent company sale of renewable energy certificates representing 2020 generation.

The average Rocky Mountain Power residential customer uses approximately 771 kWh per month.

Blue Sky Block products are Green-e[®] Energy certified, and meet the environmental and consumer-protection standards set forth by the nonprofit Center for Resource Solutions. Learn more at www.green-e.org.

Rocky Mountain Power's Prices, Terms & Conditions for Blue Sky Block

Blue Sky Block is certified by Green-e[®] Energy, which requires companies offering certified products to provide their customers with this notice of Price, Terms and Conditions of service.

Company:	Rocky Mountain Power
Who should I contact for more information?	Call 1-800-769-3717 , email bluesky@pacificorp.com , visit rockymountainpower.net/bluesky or write to Rocky Mountain Power, P.O. Box 25308, Salt Lake City, UT 84125.
How will I be billed for my Blue Sky purchase?	Your Blue Sky Block charge will be listed as a separate line item on your monthly Rocky Mountain Power electricity bill. This charge is in addition to your regular electricity bill.
How will the Blue Sky charge on my bill be calculated?	\$1.95 per 100-kWh block of Blue Sky in Idaho and Utah. In Wyoming, the block size is 200 kWh and the charge is calculated as \$1.95 per 200-kWh block.
Will the Blue Sky rate change over time?	Blue Sky rates are based on current Commission approved tariffs. Pricing is subject to change. All rate changes require approval from the Commission. Customers will be notified of any price change in advance through customer communication.
What is the required contract length?	The contract is month-to-month.
Can I cancel my participation?	You may cancel your participation at anytime with no fee by calling 1-800-769-3717 or writing to Rocky Mountain Power, P.O. Box 25308, Salt Lake City, UT 84125. There is no minimum contract length.
What other fees might I be charged?	You must also pay all applicable federal, state or local taxes.
