# ROCKY MOUNTAIN POWER

Original Sheet No. 40-2

P.S.C. Wyoming No. 16

Not Applicable in **Irrigation and Soil Drainage Pumping Power Service**  
**Wyoming West Service Territory** **Schedule 40**

---

## Monthly Billing Demand

The measured kW shown by or computed from the readings of Company's demand meter, or by appropriate test, for the 15-minute period of Customer's greatest use during the billing month. For billing months where there is metered energy usage the demand for motors of 10 HP or less may, subject to confirmation by test, be determined from the name plate HP rating and the following table:

5 HP or less	5 kW
Over 5 through 7.5 HP	7 kW
Over 7.5 through 10 HP	9 kW

## Connection and Disconnection Charges

Company will connect and disconnect service at the beginning and end of Customer's pumping operation each year without charge. Customer shall give Company at least two weeks advance notice in writing of the date disconnection of service is desired. The actual expense incurred for additional connection and disconnection shall be paid by Customer. Customer shall give Company at least two weeks advance notice in writing of the date an additional connection and/or an additional disconnection of service is desired.

## Term of Contract

Company may require Customer to sign a written contract with a minimum term of five years.

## Rules

Service under this Schedule is subject to the General Rules contained in the tariff of which this Schedule is a part, and to those prescribed by the Wyoming Public Service Commission.
