

HOW TO APPLY

Follow these steps to apply for the EV Time of Use rate and the level 2 EV charger rebate using the same link: <https://pacificorpdsmc.traksmart.com/traksmart4/public/registration.do>

1. Create an account, log in to a preexisting account, or continue as a guest.

Note that this login information is **not** the same as your Rocky Mountain Power account login.

2. Select the "UT Residential Level 2 Charger & Electric Vehicle Time of Use Rate Application"

3. Scroll down to review all terms and select "Continue". This page provides requirements that are only applicable for the AC Level 2 Charger rebate. These terms must still be accepted if you are only applying for the EV Time of Use rate

Rebate application for UT Residential Level 2 Charger & Electric Vehicle Time of Use Rate Application

This rebate application will take 3-5 minutes to complete.

You will Need

- Your Rocky Mountain Power account information

Residential AC Level 2 Electric Vehicle Charger Program:

You will need:

- Your account information from your customer bill
- Copy of your electric vehicle DMV registration. Temporary registrations will **not** be accepted. Vehicle owner must be listed on the Rocky Mountain Power account.
- Copy of itemized invoice showing proof of purchase for AC Level 2 electric vehicle charger.
- Itemized invoice for installation of electric vehicle charger (if applicable)

Qualifications:

- Electric vehicle chargers must be purchased on or after January 1, 2022.
- Installation services before January 1, 2022 are not eligible.
- EV charger must be new equipment, Underwriters Laboratories (UL) or equivalent certified by a National Recognized Testing Laboratory.
- EV chargers must be smart/networked chargers and meet open source and interoperability requirements of the program. Only qualified EV chargers listed on the Rocky Mountain Power website are eligible for an incentive.
- Subject to terms and conditions listed on the program website

Incentive Payments:

- Incentive payments will be mailed to customer.

4. After selecting “Continue”, provide your utility account information.

The screenshot shows the 'Contact Information' step of the application. The title is 'Application (UT Residential Level 2 Charger & Electric Vehicle Time of Use Rate Application)'. The navigation bar shows 'Contact Informati...' as the active step, followed by 'EV Incentive Types' and 'Other EV Supporti...'. Below the navigation bar is a blue header with a minus sign and the text 'Contact Information'. The main content area contains instructions: 'Please provide the required information below. You can find your 12 digit account number on the upper right corner of your Rocky Mountain Power billing statement. (Example - ACCOUNT NUMBER: 12345678-123 4)'. A note says 'Remember to include the area code when entering a contact phone number.' There are eight input fields: 'Contact Name: *', 'Account Number: *', 'Address Line 1: *', 'City: *', 'State: *' (with 'UT' selected), 'Postal Code: *', 'Contact Email: *', and 'Contact Phone: *'. At the bottom right are three buttons: 'Cancel', 'Back', and 'Continue'.

5. At the drop-down menu, select either “EV Time of Use Rate” or Level 2 Charger (residential only). If you would like to apply for both the Level 2 Charger rebate and the EV Time of Use Rate, select the “Level 2 Charger Rebate” option, and a representative from Rocky Mountain Power will reach out to you shortly to enroll you in the EV Time of Use rate.

The screenshot shows the 'EV Incentive Types' step of the application. The title is 'Application (UT Residential Level 2 Charger & Electric Vehicle Time of Use Rate Application)'. The navigation bar shows 'Contact Informati...', 'EV Incentive Types' as the active step, and 'Other EV Supporti...'. Below the navigation bar is a blue header with a minus sign and the text 'EV Incentive Types'. The main content area contains a dropdown menu labeled 'Select Residential Option:'. The dropdown is open, showing four options: 'Select', 'Select', 'EV Time of Use Rate', and 'Level 2 Charger (residential only)'. The 'EV Time of Use Rate' option is highlighted.

6. The final page of the application asks for supporting information and documents.
 - a. If you are applying for the EV Time of Use rate, you do not need to provide information regarding your charger. Please indicate your vehicle make, model, and year, and provide a copy of your vehicle’s permanent registration.
 - b. If you are applying for the Level 2 Charger rebate, please provide charger and vehicle information. This includes your permanent registration and a receipt for your charger and/or charger installation. If your receipts do not clearly state the charger manufacturer and model, please also include a photo of the charger so we can confirm eligibility. If you would like to enroll in the EV Time of Use rate at the same time as the Level 2Charger rebate, you may also type “I consent to enrolling in the EV Time of Use rate” in the Customer Comment section. **Note that enrollment in the EV Time of Use rate, Subscriber Solar, or Net Metering 135 is required to receive the rebate.**
7. Select “Review” to submit your application.
