

INCENTIVES FOR WHEEL LINE, HAND LINE OR OTHER PORTABLE SYSTEMS  
(RETROFIT ONLY)

IRRIGATION MEASURE	REPLACE	WITH	CUSTOMER INCENTIVE
<b>Cut and press or weld repair of leaking wheel line, hand line or portable main line</b>	Leak in wheel line, hand line or portable main line	Cut and pipe press or weld repair	\$10/repair
<b>New rotating sprinkler replacing worn or leaking impact or rotating sprinkler</b>	Leaking or malfunctioning impact or rotating sprinkler	Rotating sprinkler	\$2.50 each
<b>New gasket replacing leaking gasket, including main line valve or section gasket, seal or riser cap (dome disk)</b>	Leaking gasket	New gasket, including main line valve or section gasket, seal or riser cap (dome disk)	\$2 each
<b>New drain replacing leaking drain</b>	Leaking drain	New drain, including drains on pivots and linears	\$3/each
<b>New nozzle replacing worn nozzle of same design flow or less on existing sprinkler</b>	Worn nozzle	New nozzle of same design flow or less	\$0.50 each
<b>New or rebuilt impact sprinkler replacing worn or leaking impact sprinkler</b>	Leaking or malfunctioning impact sprinkler	New or rebuilt impact sprinkler	\$2.25 each
<b>New or rebuilt wheel line leveler replacing leaking or malfunctioning leveler</b>	Leaking or malfunctioning leveler	New or rebuilt leveler	\$3 each

(continued)

### IRRIGATION INCENTIVES FOR PIVOT AND LINEAR SYSTEMS (RETROFIT ONLY)

IRRIGATION MEASURE	REPLACE	WITH	CUSTOMER INCENTIVE
<b>Pressure regulator</b>	Worn pressure regulator	New pressure regulator of same design pressure or less	\$3 each
<b>Low-pressure sprinkler (e.g. rotating, wobbling, multi-trajectory spray) replacing impact sprinkler</b>	Impact sprinkler	New low-pressure sprinkler (on-board nozzle is considered part of sprinkler, not a separate item with additional incentive)	\$3 each
<b>Low-pressure sprinkler (e.g. rotating, wobbling, multi-trajectory spray) replacing worn low-pressure sprinkler</b>	Worn low-pressure sprinkler (e.g. rotating, wobbling, multi-trajectory spray)	New low-pressure sprinkler (on-board nozzle is considered part of sprinkler, not a separate item with additional incentive)	\$1.50 each

### IRRIGATION INCENTIVES FOR ANY TYPE OF SYSTEM (RETROFIT OR NEW CONSTRUCTION, INCLUDING NON-AGRICULTURAL IRRIGATION APPLICATIONS)

IRRIGATION MEASURE	REPLACE	WITH	CUSTOMER INCENTIVE
<b>Irrigation pump VFD</b>	--	Add variable frequency drive to existing or new irrigation pump	\$0.15/kWh annual savings

**Notes for irrigation incentive tables on previous page and above:**

1. Equipment that meets or exceeds the requirements listed above may qualify for the listed incentive.
2. Except for the pump VFD measure, incentives listed here are available only for retrofit projects where new equipment replaces existing equipment (i.e. new construction is not eligible).
3. Except for the pump VFD measure, equipment installed in fixed-in-place (solid set) systems is not eligible. Incentive is limited to two units per irrigated acre.
4. Incentives are capped at 70 percent of energy efficiency costs, and incentives will not be available to reduce the energy efficiency project simple payback below one year. Energy savings and energy efficiency project costs are subject to Rocky Mountain Power approval.

VFD = Variable Frequency Drive

POWERING YOUR GREATNESS
