**Changes to Wattsmart Homes Program in Wyoming**

As part of the Company’s efforts for continual improvement, Rocky Mountain Power is planning changes to the Wattsmart Homes program in Wyoming, effective March 19, 2022. As summarized in the table below, these changes include incentive adjustments for heat pump, HVAC, and engine block heater control offerings to better align with market conditions. **Any incentive amounts for current Program offerings that are not mentioned in the tables below will remain unchanged.** Existing incentive terms and conditions still apply. If you have questions or need additional information, please [contact us](#).

Heat Pump, HVAC, and Engine Block Heater Control Incentives						
Equipment Type	Sub-Category	Qualifications	Currently Offered Incentive		Offered Incentive Effective March 19, 2022
